The proposal was considered very well presented without anything to object to. It is set back from the main road, underneath the side of the hedge at Back Lane. It was thought the large amount of information provided was intended to reassure all of the care being taken by the applicants with a listed building. Provided all surveys are carried through as expected, Councillor Gosney proposed the "Parish Council support this application as it has no adverse effect on the listed building, there is no harm to the environment, no neighbour objections have been received and the location does not cause any concern as it blends in naturally with the area and fits in with the setting of the listed building with the pool being screened from the approach drive." Councillor Aldred seconded, all in favour **Resolved.** ***Action: Submit comments to Dorset Council.***	***Clerk***
